Body Fillers

Filler Light

Filler light is an easy application and sanding. Finish without pores. Tack-free formula. No bleeding on white colors

Code	Size	Description	Qty
2266	Gallon	Filler Light	4

Lightweight Body filler

Lightweight polyester body filler utilizes the latest European Technology. Spreads and sands easy with high-filling power allowing the repair of large surfaces. Recommended when filling deeper dents. Great adhesion to all metals. Apply on properly prepared steel, aluminum, galvanized, and polyester surfaces. Pinhole-free formula minimizes the need for finish or glazing putty saving time and labor.

Code	Size	Description	Qty
150	Gallon	Lightweight Body Filler	4

Ultrafill Body Filler

Universal light body filler with high filling capacity. Due to its sanding ease it can be started with P120

Code	Size	Description	Qty
160	Gallon	Lightweight Body Filler	4

Putties

Ultra Fine Finishing Glaze

Flowable self-levelling polyester putty for car body repairs. Can be used as both filling and finishing putty with excellent adhesion to difficult surfaces. Ideal for the application on large surfaces and for extra quick car body repairs.

Code	Size	Description	Qty
06622	Bag	Ultra Fine Finishing Glaze	6

Finishing Putty

Code	Size	Description	Qty
5920	Liter	Finishing Putty	8

High quality ultra lightweight polyester putty for car repairs. High technology formulation offers very low density, almost two times lower than a standard putty. Features superb adhesion to difficult substrates, including galvanized steel, far surpassing other products of a similar type.

Code	Size	Description	Qty
5920	Quart	Finishing Putty	8

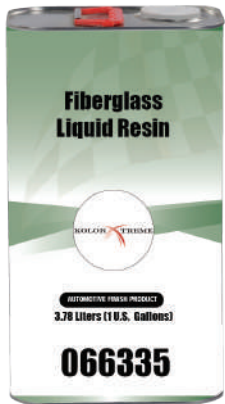

Ultrafill Body Filler

Universal light body filler. Easy application and sanding. Finish without pinholes. Tack-free formula. Creamy texture.

Code	Size	Description	Qty
170	Gallon	Ultralight Body Filler	4

Fiberglass Liquid Resin

Fiberglass Resin is 100% waterproof and designed specifically to be used with Fiberglass Resin for interior and exterior repairs. If additional structural strength is needed for more severe repairs like larger holes, cracks or damaged surfaces, the use of additional layers of Fiberglass Cloth or Mat.

Code	Size	Description	Qty
066335	Gallon	Fiberglass Liquid Resin	4
066331	Liter	Fiberglass Liquid Resin	12

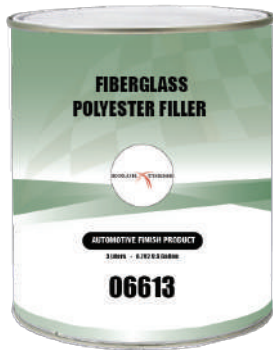

Fiberglass Repair Kit

Ideal for professional automotive, marine, industrial and household repairs. Repairs fiberglass, metal or wood surfaces. Each kit contains resin, liquid hardener, spreader, mat or cloth and illustrated instructions.

Code	Size	Description	Qty

Foams

Perfect Foam T Shape

An advanced product for who is looking for a professional result. The "T" shape achieves a perfect placement and avoid hard paints. Adhesive instead of glue with a protective role

Code	Description	Qty Box	Case
08833	Perfect Foam "T" Shape 25m	1	1

Foam Primer

Easy placement foam tape, perfect sealing and absence of edges in the filler, only for primer process.

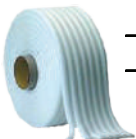

Code	Description	Qty Box	Case
66166	Foam Primer	1	1

Foam Tape

The foam masking tape is applied on doors apertures. A simple way to mask the vehicle and protect the interior.

The difference by using paper masking products is the clean removal that reduces the levels of hard paint edges.

Code	Description	Qty Box	Case
66113	Foam Tape 13 mm	1	1

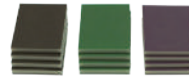

Abrasives

Double Sided Sanding Pad

The automotive pad new system is coated both sides. Ideal to use on wet or dry. Its innovative formula achieves a better performance and a perfect finishing.

Its mineral composition applied on the foam make the pad last longer because there is no clogging and the product finishing as the mineral dies.

Code	Description	Qty Box	Case
66100F	Doble Sided Pad Fine	10	9
66100MF	Doble Sided Pad MicroFine	10	9
66100SF	Doble Sided Pad SuperFine	10	9

Disc Foam Extra

The DISCO FOAM EXTRA gives a turn to the sanding process because of the "New System" formula that it's already being a success on the double side pads.

Besides the higher performance against the conventional Disco Foam, the increment on foam's thickness helps to absorb vibrations and achieves a better finishing.

The well known design from AG ABRASIVE & FOAM appying diferent colors per grit makes easier its use.

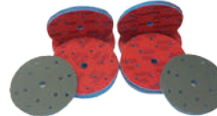

Code	Description	Qty Box	Case
6644F	Disc Foam Extra Fine	6	9
6644MF	Disc Foam Extra MicroFine	6	9
6644SF	Disc Foam Extra SuperFine	6	9

Disc Foam Blue

It's NEW SYSTEM mineral composition applied on the foam make the pad last longer and achieves a perfect finishing. To use on wet or dry.
